SUMMARY

I am a full-stack developer with a passion for solving complex problems, employing a user-centric approach.

TECHNICAL SKILLS

- **Frontend** - JavaScript, jQuery, React.js, Redux, Swift UI Kit
- **Backend** - Node.js, Express.js, EJS
- **Database** - MySQL, MongoDB, PostgreSQL, Firebase
- **Tools -** Git, GitHub, Jira

WORK EXPERIENCE

- **iOS Development Paid Internship** - Infosys **|** Jun 2024 – Present

  As Scrum Master, lead a team of 10 in developing a Training and Learning Management System (TLMS). Manage project tasks and facilitate team collaboration. The TLMS enhances online education by providing centralized content management, learner progress tracking, and improved educator-learner communication.

- **iOS Development Bootcamp** - Galgotias University **|** Mar 2024 – June 2024

  Led a passionate team of 4 to create "Sakhi," a health menstruation app for women with PCOS. Gained expertise in project management, team collaboration, and user-centric design. Presented to Apple delegates, featured in news, and participated in the Apple Student Developer Challenge.

- **Freelance Technical Writer** - Codementor **|** Jul 2022 – Sept 2022

  Refined skills in professional blog writing, Email communication, and creating user-centric articles.

PROJECTS

- **Portfolio Website -** Frontend and Backend Development **[Link]**

  Managed website branches and versions with Git/GitHub. Developed website frontend using React for a dynamic user experience.

- **Menstrual Health App -** iOS Development

  Developed "Sakhi," a menstrual health app, using Swift UI Kit, Swift UI, and Firebase Realtime Database. Implemented features like cycle monitoring, summary reports, community support, and tailored health plans. Utilized collection views, table views, delegates, and closures for a dynamic user experience.

EDUCATION

- **Bachelors in Computer Science & Engineering** - Galgotias University, Uttar Pradesh **|** Aug 2022 - Jun 2025
- **Diploma in Electrical Engineering** - Guru Nanak Dev Institute of Technology, Delhi **|** Aug 2019 - May 2022
